FMC Select Fund

INVESTMENT OBJECTIVE

The Fund's investment objective is total return, principally through capital appreciation and, to a limited degree, through current income.

FUND FEES AND EXPENSES

This table describes the fees and expenses that you may pay if you buy and hold Fund shares.

Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)

Management Fees	0.80%
Other Expenses	0.20%
Total Annual Fund Operating Expenses	1.00%

Example

This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund's operating expenses remain the same. Although your actual costs might be different, based on these assumptions your costs would be:

<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>
\$102	\$318	\$552	\$1,225

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys or sells securities (or "turns over" its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in total annual Fund operating expenses or in the example, affect the Fund's performance. During its most recent fiscal year, the Fund's portfolio turnover rate was 10% of the average value of its portfolio.

PRINCIPAL INVESTMENT STRATEGIES

The Fund invests primarily in common stocks of U.S. companies with medium to large market capitalizations (in excess of \$1 billion). The Fund's investment approach, with its emphasis on equity securities, has as its objective total return, principally through capital appreciation and, to a limited degree, through current income. The Fund will generally invest in equity securities of domestic companies, but may also invest in equity securities of foreign companies and American Depositary Receipts ("ADRs"). First Manhattan Co. ("FMC" or the "Adviser") expects that the Fund's investments in foreign companies will normally represent less than 20% of the Fund's assets.

In selecting equity securities for the Fund, the Adviser emphasizes companies with strong balance sheets, above-average returns on equity and businesses that the Adviser believes it understands. The Adviser will also consider dividends paid by particular issuers when selecting the Fund's investments. The Fund may invest in companies where not all of these factors may be present, but where the Adviser believes the company's shares may be selling at a market price below their intrinsic value.

The Fund intends to buy and hold equity securities of companies for the long-term, and seeks to limit portfolio turnover. The Fund may sell a security, however, if the security achieves a designated price target or if there is a fundamental change in the Adviser's view of an issuer's outlook.

PRINCIPAL RISKS OF INVESTING IN THE FUND

As with all mutual funds, there is no guarantee that the Fund will achieve its investment objective. You could lose money by investing in the Fund. **A Fund share is not a bank deposit and it is not insured or guaranteed by the FDIC or any government agency.** The principal risk factors affecting shareholders' investments in the Fund are set forth below.

Equity Risk – Since it purchases equity securities, the Fund is subject to the risk that stock prices will fall over short or extended periods of time. Historically, the equity markets have moved in cycles, and the value of the Fund's equity securities may fluctuate significantly from day to day. Individual companies may report poor results or be negatively affected by industry and/or economic trends and developments. The prices of equity securities issued by such companies may suffer a decline in response. These factors contribute to price volatility, which is the principal risk of investing in the Fund.

Foreign Company Risk – Investing in foreign companies, whether through investments made in foreign markets or made through purchasing ADRs, which are traded on U.S. exchanges and represent an ownership in a foreign security, poses additional risks because political and economic events unique to a country or region will affect those markets and their issuers. These risks will not necessarily affect the U.S. economy or similar issuers located in the United States. In addition, investments in foreign companies (other than ADRs) are generally denominated in a foreign currency. As a result, changes in the value of those currencies compared to the U.S. dollar may affect (positively or negatively) the value of the Fund’s investments. These currency movements may occur separately from, and in response to, events that do not otherwise affect the value of the security in the issuer’s home country. Securities issued by foreign companies might not be registered with the U.S. Securities and Exchange Commission (the “SEC”) and foreign companies are generally not subject to the regulatory controls imposed on U.S. issuers and, as a consequence, there is generally less publicly available information about foreign securities than is available about domestic securities. Income from foreign securities owned by the Fund may be reduced by a withholding tax at the source, which tax would reduce income received from the securities comprising the portfolio. Foreign securities may also be more difficult to value than securities of U.S. issuers. While ADRs provide an alternative to directly purchasing the underlying foreign securities in their respective national markets and currencies, investments in ADRs continue to be subject to many of the risks associated with investing directly in foreign securities.

The Fund is also subject to the risk that its investment approach may perform differently than other funds which target a specific equity market segment or that invest in other asset classes.

PERFORMANCE INFORMATION

The bar chart and the performance table below illustrate the risks and volatility of an investment in the Fund by showing changes in the Fund's performance from year to year for the past 10 years and by showing how the Fund's average annual total returns for 1, 5 and 10 years compare with those of a broad measure of market performance. Of course, the Fund's past performance (before and after taxes) does not necessarily indicate how the Fund will perform in the future. Updated performance information is available by calling the Fund at 1-877-FMC-4099 (1-877-362-4099).

(12/31/2008)

Average Annual Total Returns for Periods Ended December 31, 2017

This table compares the Fund's average annual total returns for the periods ended December 31, 2017 to those of an appropriate broad based index.

After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns will depend on an investor's tax situation and may differ from those shown. After-tax returns shown may not be relevant to investors who hold their Fund shares through tax-deferred arrangements, such as 401(k) plans or individual retirement accounts ("IRAs").

<u>FMC SELECT FUND</u>	<u>1 Year</u>	<u>5 Years</u>	<u>10 Years</u>
Fund Returns Before Taxes	16.11%	9.52%	5.43%

Fund Returns After Taxes on Distributions and Sale of Fund Shares	11.27%	7.42%	4.29%
S&P 500 Index (reflects no deduction for fees, expenses, or taxes)	21.83%	15.79%	8.50%

INVESTMENT ADVISER

First Manhattan Co.

PORTFOLIO MANAGER

Timothy C. Muccia, Senior Managing Director, has managed the Fund since May 2010.

PURCHASE AND SALE OF FUND SHARES

To purchase shares of the Fund for the first time, including an initial purchase made through an IRA, you must invest at least \$10,000. Your subsequent investments in the Fund must be made in amounts of at least \$1,000.

The Fund may accept investments of smaller amounts in its sole discretion. In addition, these minimum purchase requirements may be reduced or waived by the Fund's distributor or for investors who purchase shares of the Fund through omnibus accounts maintained by registered broker-dealers who have executed sub-distribution agreements with the distributor, including the Adviser.

If you own your shares directly, you may redeem your shares on any day that the New York Stock Exchange (the “NYSE”) is open for business (a “Business Day”) by contacting the Fund directly by mail or telephone at 1-877-FMC-4099 (1-877-362-4099). If you own your shares through an account with a broker or other institution, contact that broker or institution to redeem your shares. Your broker or institution may charge a fee for its services in addition to the fees charged by the Fund.

TAX INFORMATION

The Fund intends to make distributions that may be taxed as ordinary income or capital gains, unless you are investing through a tax-deferred arrangement, such as a 401(k) plan or IRA, in which case your distribution will be taxed when withdrawn from the tax-deferred account.

MORE INFORMATION ABOUT RISK

Investing in the Fund involves risk and there is no guarantee that the Fund will achieve its goal. The Adviser's judgments about the markets, the economy, or companies may not anticipate actual market movements, economic conditions or company performance, and these judgments may affect the return on your investment. In fact, no matter how good of a job the Adviser does, you could lose money on your investment in the Fund, just as you could with similar investments.

The value of your investment in the Fund is based on the value of the securities the Fund holds. These prices change daily due to economic and other events that affect particular companies and other issuers. These price movements, sometimes called volatility, may be greater or lesser depending on the types of securities the Fund owns and the markets in which they trade. The effect on the Fund of a change in the value of a single security will depend on, among other factors, how widely the Fund diversifies its holdings, the size of the Fund's position in the single security, and the amount of the change in value.

Equity Risk – Equity securities include publicly and privately issued equity securities, common and preferred stocks, warrants, rights to subscribe to common stock and convertible securities, as well as instruments that attempt to track the price movement of equity indices. Investments in equity securities in general are subject to market risks that may cause their prices to fluctuate over time. The value of securities convertible into equity securities, such as warrants or convertible debt, is also affected by prevailing interest rates, the credit quality of the issuer and any call provision. Fluctuations in the value of the equity securities in which a mutual fund invests will cause the Fund's net asset value ("NAV") per share to fluctuate. An investment in a portfolio of equity securities may be more suitable for long-term investors who can bear the risk of these share price fluctuations.

Foreign Security Risk – Investments in securities of foreign companies, including direct investments as well as ADRs, can be more volatile than investments in U.S. companies. Diplomatic, political, and/or economic developments, including nationalization or appropriation, could affect investments in securities of foreign companies. Foreign securities markets generally have less trading volume and less liquidity than U.S. markets. In addition, the value of securities denominated in foreign currencies, and of dividends from such securities, can change significantly when foreign currencies strengthen or weaken relative to the U.S. dollar. Financial statements of foreign issuers may be subject to different accounting, auditing, and financial reporting standards than

the financial statements of U.S. issuers and may be less transparent and uniform than in the United States. Thus, there may be less publicly available information about foreign issuers than about many U.S. issuers. Foreign securities may also be more difficult to value than securities of U.S. issuers. Transaction costs for purchasing and selling foreign securities are generally higher than those in the United States and expenses for custodial arrangements of foreign securities may be somewhat greater than typical expenses for custodial arrangements of similar U.S. securities. Some foreign governments levy withholding taxes against dividend and interest income. Although in some countries a portion of these taxes are recoverable, any non-recovered portion will reduce the net income received from the securities comprising the portfolio.

MORE INFORMATION ABOUT FUND INVESTMENTS

The Fund is diversified. This means that with respect to 75% of its total assets, the Fund may not purchase securities of any issuer (other than obligations of, or guaranteed by, the U.S. government or its agencies or instrumentalities, or securities of other investment companies) if, as a result, more than 5% of the Fund's total assets would be invested in the securities of such issuer, or more than 10% of the issuer's voting securities would be held by the Fund. Under applicable federal securities laws, the diversification of a mutual fund's holdings is measured at the time a fund purchases a security. If the Fund holds securities that perform well on a relative basis, the value of those securities could appreciate such that the value of the Fund's securities that constitute more than 5% of the Fund's total assets, in the aggregate, might exceed 25% of the Fund's total assets. In these circumstances, the Adviser might determine that it is in the best interests of the Fund's shareholders not to reduce one or more of the Fund's holdings in securities that constitute more than 5% of the Fund's total assets. If the Adviser makes such a determination, the Fund's holdings in such securities would continue to exceed 25% of the Fund's total assets, and the Fund would not purchase any additional shares of securities that constituted more than 5% of the Fund's total assets. The Fund would continue to qualify as a diversified fund under applicable federal securities laws. More than 25% of the Fund's assets are, and may continue to be, invested, in the aggregate, in securities of issuers that individually represent more than 5% of the Fund's total assets. Accordingly, the Fund is subject to the risk that its performance could be disproportionately affected by the performance of relatively few securities despite the Fund qualifying as a diversified fund under applicable federal securities laws.

The investments and strategies described in this prospectus are those that the Fund uses under normal conditions. During unusual economic or market conditions, or for temporary defensive or liquidity purposes, the Fund may invest up to 100% of its assets in money market instruments and other cash equivalents that would not ordinarily be consistent with its investment objective. If the Fund invests in this manner, it may not achieve its investment objective. The Fund will only make temporary defensive investments if the Adviser believes that the risk of loss outweighs the opportunity for capital appreciation or higher income.

This prospectus describes the Fund's principal investment strategies, and the Fund will normally invest in the types of securities described in this prospectus. In addition to the investments and strategies described in this prospectus, the Fund also may invest, to a lesser extent, in other securities, use other strategies and engage in other investment practices that are not part of its principal investment strategies. These investments and strategies, as well as those described in this prospectus, are described in detail in the Statement of Additional Information ("SAI") (for information on how to obtain a copy of the SAI see the back cover of this prospectus). Of course, there is no guarantee that the Fund will achieve its investment objective.

INFORMATION ABOUT PORTFOLIO HOLDINGS

A description of the Fund's policy and procedures with respect to the circumstances under which the Fund discloses its portfolio holdings is available in the SAI.

INVESTMENT ADVISER

FMC serves as the investment adviser to the Fund. The Adviser makes investment decisions for the Fund and continuously reviews, supervises and administers the Fund's investment program. The Fund's Board of Trustees (the "Board") supervises the Adviser and establishes policies that the Adviser must follow in performing its management activities.

FMC's principal place of business is located at 399 Park Avenue, New York, NY 10022-7001. FMC is a limited partnership that has provided professional investment advisory services to individuals, partnerships, trusts, pension and employee benefit plans and other institutions since its founding in 1964. Because of the amount of their direct and indirect ownership of the Adviser's outstanding ownership interests, Mr. David S. Gottesman and Mr. Robert W. Gottesman are deemed to control the Adviser. As of December 31, 2017, FMC had approximately \$16.3 billion in assets under management.

For its services to the Fund, FMC is entitled to an investment advisory fee which is calculated daily and paid monthly at an annual rate of 0.80% based on the average daily net assets of the Fund. FMC has voluntarily agreed to reduce fees and reimburse expenses to the extent necessary to keep total annual Fund operating expenses (excluding interest, taxes, brokerage commissions, acquired fund fees and expenses and extraordinary expenses) from exceeding 1.10% of the Fund's average daily net assets. The Adviser may discontinue all or a portion of its fee reductions or expense reimbursements at any time. For the fiscal year ended October 31, 2017, FMC received advisory fees of 0.80% of the Fund's average daily net assets.

A discussion regarding the basis for the Board's approval of the Fund's investment advisory agreement will be available in the Fund's Semi-Annual Report dated April 30, 2018, which will cover the period from November 1, 2017 to April 30, 2018.

PORTFOLIO MANAGER

Timothy C. Muccia is a Senior Managing Director and portfolio manager with the Adviser. He has managed the Fund since 2010. He has more than 27 years of financial industry experience. Prior to joining the Adviser in 1999, Mr. Muccia worked at Furman Selz LLC, a private boutique brokerage and investment banking firm.

The SAI provides additional information about the portfolio manager's compensation, other accounts managed, and ownership of Fund shares.

PURCHASING AND SELLING FUND SHARES

This section explains how you may purchase and sell (sometimes called "redeem") shares of the Fund.

For information regarding the federal income tax consequences of transactions in shares of the Fund, including information about cost basis reporting, see "Taxes."

How to Purchase Fund Shares

To purchase shares directly from the Fund, complete and send in an application. If you need an application or have questions, please call 1-877-FMC-4099 (1-877-362-4099).

All investments must be made by check, Automated Clearing House (“ACH”), or wire. All checks must be made payable in U.S. dollars and drawn on U.S. financial institutions. The Fund does not accept purchases made by third-party checks, credit cards, credit card checks, cash, traveler’s checks, money orders or cashier’s checks.

By Mail

Regular Mail Address

FMC Select Fund
P.O. Box 219009
Kansas City, MO 64121-9009

Express Mail Address

FMC Select Fund
c/o DST Systems, Inc.
430 West 7th Street
Kansas City, MO 64105

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agent. Therefore, deposit of purchase orders in the mail or with such services does not constitute receipt by the Fund’s transfer agent. The share price used to fill the purchase order is the next price calculated by the Fund after the Fund’s transfer agent receives the order in proper form at the P.O. Box provided for regular mail delivery or the office address provided for express mail delivery.

By Wire

To open an account by wire, first call 1-877-FMC-4099 (1-877-362-4099) for details. To add to an existing account by wire, wire your money using the wiring instructions set forth below (be sure to include the Fund name and your account number).

Wiring Instructions

You may also buy shares through accounts with financial intermediaries such as brokers and other institutions that are authorized to place trades in Fund shares for their customers, including FMC. If you invest

through a financial intermediary, you will have to follow its procedures, which may be different from the procedures for investing directly. Your financial intermediary may charge a fee for its services, in addition to the fees charged by the Fund. In general, you will also have to address your correspondence or questions regarding the Fund to your financial intermediary.

Certain financial intermediaries, including certain broker-dealers and shareholder organizations, are authorized to act as agent on behalf of the Fund with respect to the receipt of purchase and redemption orders for Fund shares (“authorized institutions”). Authorized institutions are also authorized to designate other intermediaries to receive purchase and redemption orders on the Fund’s behalf. The Fund will be deemed to have received a purchase or redemption order when an authorized institution or, if applicable, an authorized institution’s designee, receives the order. Orders will be priced at the Fund’s NAV next computed after they are received by an authorized institution or an authorized institution’s designee. To determine whether your financial intermediary is an authorized institution or an authorized institution’s designee such that it may act as agent on behalf of the Fund with respect to purchase and redemption orders for Fund shares, you should contact your financial intermediary directly. First Manhattan Co. is an authorized institution.

The Fund reserves the right to reject any specific purchase order for any reason. The Fund is not intended for short-term trading by shareholders in response to short-term market fluctuations. For more information about the Fund’s policy on short-term trading, see “Excessive Trading Policies and Procedures.” For more information about how to purchase or sell Fund shares through a financial intermediary, you should contact your financial intermediary directly.

The Fund does not generally accept investments by non-U.S. persons. Non-U.S. persons may be permitted to invest in the Fund subject to the satisfaction of enhanced due diligence. Please contact the Fund for more information.

General Information

You may purchase shares on any Business Day. Shares cannot be purchased by Federal Reserve wire on days when either the NYSE or the Federal Reserve is closed.

The price per share will be the NAV per share next-determined after the Fund receives your purchase order in proper form.

The Fund calculates NAV once each Business Day as of the close of normal trading on the NYSE (normally, 4:00 p.m., Eastern Time). To receive the current Business Day's NAV, the Fund must receive your order in proper form (meaning that it is complete, contains all necessary information, and has all supporting documentation such as proper signature guarantees, IRA rollover forms, etc.) before the close of normal trading on the NYSE. If the NYSE closes early, as in the case of scheduled half-day trading or unscheduled suspensions of trading, the Fund reserves the right to calculate NAV as of the earlier closing time. The Fund will not accept orders that request a particular day or price for the transaction or any other special conditions. Shares will only be priced on Business Days. Because securities that are traded on foreign exchanges may trade on days that are not Business Days, the value of the Fund's assets may change on days when you are unable to purchase or redeem shares.

How the Fund Calculates NAV

The NAV of the Fund's shares is determined by dividing the total value of the Fund's portfolio investments and other assets, less any liabilities, by the total number of shares outstanding.

In calculating NAV, the Fund generally values its investment portfolio at market price. If market prices are not readily available or the Fund reasonably believes that they are unreliable, such as in the case of a security value that has been materially affected by events occurring after the relevant market closes, the Fund is required to price those securities at fair value as determined in good faith using methods approved by the Board. Pursuant to policies adopted by, and under the ultimate supervision of the Board, these methods are implemented through the Fund's Fair Value Pricing Committee, members of which are appointed by the Board. The Fund's determination of a security's fair value price often involves the consideration of a number of subjective factors, and is therefore subject to the unavoidable risk that the value that the Fund assigns to a security may be higher or lower than what the security's value would be if a reliable market quotation for the security was readily available.

There may be limited circumstances in which the Fund would price securities at fair value for stocks of U.S. companies that are traded on U.S. exchanges — for example, if the exchange on which a particular security was halted during the day and did not resume prior to the time the Fund calculated its NAV.

With respect to non-U.S. securities held by the Fund, the Fund may take factors influencing specific markets or issuers into consideration in determining the fair value of a non-U.S. security. Foreign securities markets may be open on days when the U.S. markets are closed. In such cases, the value of any foreign securities owned by the Fund may be significantly affected on days when investors cannot buy or sell shares. In addition, due to the difference in times between the close of the foreign markets and the time the Fund prices its shares, the value the Fund assigns to securities generally will not be the same as the quoted or published prices of those securities on their primary markets or exchanges. In determining fair value prices, the Fund may consider the performance of securities on their primary exchanges, foreign currency appreciation/depreciation, securities market movements in the United States, or other relevant information as related to the securities.

By Automatic Investment Plan (via ACH)

You may not open an account via ACH. However, once you have established an account, you can set up an automatic investment plan by mailing a completed application to the Fund. These purchases can be made monthly, quarterly, semi-annually or annually in amounts of at least \$25. To cancel or change a plan, write to the Fund at: FMC Select Fund, P.O. Box 219009, Kansas City, MO 64121-9009 (Express Mail Address: FMC Select Fund, c/o DST Systems, Inc., 430 West 7th Street, Kansas City, MO 64105). Please allow up to 15 days to create the plan and 3 days to cancel or change it.

Fund Codes

The Fund’s reference information listed below will be helpful to you when you contact the Fund to purchase shares, check daily NAV or obtain additional information.

<u>Fund Name</u>	<u>Ticker Symbol</u>	<u>CUSIP</u>	<u>Fund Code</u>
FMC Select Fund	FMSLX	00758M758	207

How to Sell Your Fund Shares

If you own your shares directly, you may sell your shares on any Business Day by contacting the Fund directly by mail or telephone at 1-877-FMC-4099 (1-877-362-4099).

If you own your shares through an account with a broker or other institution, contact that broker or institution to sell your shares. Your broker or institution may charge a fee for its services in addition to the fees charged by the Fund.

By Mail

To redeem shares by mail, you may contact the Fund directly at: FMC Select Fund, P.O. Box 219009, Kansas City, MO 64121-9009 (Express Mail Address: FMC Select Fund, c/o DST Systems, Inc., 430 West 7th Street, Kansas City, MO 64105). Please send a letter to the Fund signed by all registered parties on the account specifying:

- The Fund name;
- The account number;
- The dollar amount or number of shares you wish to redeem;
- The account name(s); and
- The address to which redemption (sale) proceeds should be sent.

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agent. Therefore, deposit of sell orders in the mail or with such services does not constitute receipt by the Fund's transfer agent. The share price used to fill the sell order is the next price calculated by the Fund after the Fund's transfer agent receives the order in proper form at the P.O. Box provided for regular mail delivery or the office address provided for express mail delivery.

All registered shareholders must sign the letter in the exact name(s) and must designate any special capacity in which they are registered.

If you would like to close your account, or have your sales proceeds, including proceeds generated as a result of closing your account, sent to a third party or an address other than your own, please notify the Fund in writing.

Certain redemption requests will require a signature guarantee by an eligible guarantor institution. Eligible guarantors include commercial banks, savings and loans, savings banks, trust companies, credit unions, member firms of a national stock exchange, or any other member or participant of an approved signature guarantor program. For example, signature guarantees may be required if your address of record has changed in the last 30 days, if you want the proceeds sent to a bank other than the bank of record on your account, or if you ask that the proceeds be sent to a different person or address. Please note that a notary public is not an acceptable provider of a signature guarantee.

In addition, you must provide us the original guarantee. Signature guarantees are for the protection of our shareholders. Before it grants a redemption request, the Fund may require a shareholder to furnish additional legal documents to ensure proper authorization.

Accounts held by a corporation, trust, fiduciary or partnership may require additional documentation along with a signature guaranteed letter of instruction. The Fund participates in the Paperless Legal Program (the "Program"), which eliminates the need for accompanying paper documentation on legal securities transfers. Requests received with a Medallion Signature Guarantee will be reviewed for the proper criteria to meet the guidelines of the Program and may not require additional documentation. Please contact Shareholder Services at 1-877-362-4099 for more information.

The sale price of each share will be the NAV next-determined after the Fund receives your request in proper form.

Systematic Withdrawal Plan

If you have at least \$25,000 in your account, you may use the systematic withdrawal plan. Under the plan you may arrange monthly, quarterly, semi-annual or annual automatic withdrawals of at least \$100 from the Fund. The proceeds of each withdrawal will be mailed to you by check or, if you have a checking or savings account with a bank, electronically transferred to your account.

Receiving Your Money

Normally, the Fund will send your sale proceeds within one Business Day after it receives your redemption request. The Fund, however, may take up to seven days to pay redemption proceeds. Your proceeds can be wired to your bank account (may be subject to a \$10 fee), sent to you by check or sent via ACH to your bank account if you have established banking instructions with the Fund. **If you are selling shares that were recently purchased by check or through ACH, redemption proceeds may not be available until your check has cleared or the ACH transaction has been completed (which may take up to 15 days from your date of purchase).**

The Fund typically expects to sell portfolio assets and/or hold cash or cash equivalents to meet redemption requests. On a less regular basis, the Fund may also meet redemption requests by using short-term borrowings from its custodian and/or redeeming shares in-kind (as described below). These methods may be used during both normal and stressed market conditions.

Redemptions In-Kind

The Fund generally pays sale (redemption) proceeds in cash. However, under unusual conditions that make the payment of cash unwise and for the protection of the Fund's remaining shareholders, the Fund might pay all or part of your redemption proceeds in liquid securities with a market value equal to the redemption price (redemption in-kind). The Fund may also redeem in-kind to discourage short-term trading of shares. It is highly unlikely that your shares would ever be redeemed in-kind, but if they were, you would have to pay transaction costs to sell the securities distributed to you, as well as taxes on any capital gains from the sale as with any redemption. In addition, you would continue to be subject to the risks of any market fluctuation in the value of the securities you receive in-kind until they are sold.

Involuntary Redemptions of Your Shares

If your account balance drops below \$10,000 because of redemptions, the Fund may redeem your shares. The Fund will provide you at least 30 days' written notice to allow you time to add to your account and avoid the involuntary redemption of your shares.

Suspension of Your Right to Sell Your Shares

The Fund may suspend your right to sell your shares or delay payment of redemption proceeds for more than seven days during times when the NYSE is closed, other than during customary weekends or holidays, or as otherwise permitted by the SEC. More information about this is in the SAI.

Telephone Transactions

Purchasing and selling Fund shares over the telephone is extremely convenient, but not without risk. Although the Fund has certain safeguards and procedures to confirm the identity of callers and the authenticity of instructions, the Fund is not responsible for any losses or costs incurred as a result of following telephone instructions that it reasonably believes to be genuine. If you or your financial institution transact with the Fund over the telephone, you will generally bear the risk of any loss.

OTHER POLICIES

Excessive Trading Policies and Procedures

The Fund is intended for long-term investment purposes only and discourages shareholders from engaging in “market timing” or other types of excessive short-term trading. This frequent trading into and out of the Fund may present risks to the Fund’s long-term shareholders and could adversely affect shareholder returns. The risks posed by frequent trading include interfering with the efficient implementation of the Fund’s investment strategies, triggering the recognition of taxable gains and losses on the sale of Fund investments, requiring the Fund to maintain higher cash balances to meet redemption requests, and experiencing increased transaction costs.

In addition, because the Fund may invest in foreign securities traded primarily on markets that close prior to the time the Fund determines its NAV, the risks posed by frequent trading may have a greater potential to dilute the value of Fund shares held by long-term shareholders than funds investing exclusively in U.S. securities. In instances where a significant event that affects the value of one or more foreign securities held by the Fund takes place after the close of the primary foreign market, but before the time that the Fund determines its NAV, certain investors may seek to take advantage of the fact that there will be a delay in the adjustment of the market price for a security caused by this event until the foreign market reopens (sometimes referred to as “price” or “time zone” arbitrage). This type of arbitrage may dilute the value of the Fund’s shares if the prices of the Fund’s foreign securities do not reflect their fair value. The Fund has procedures designed to determine the fair value of foreign securities for purposes of calculating its NAV when such an event has occurred. However, because fair value pricing involves judgments which are inherently subjective, the use of fair value pricing may not always eliminate the risk of price arbitrage.

The Fund’s service providers will take steps reasonably designed to detect and deter excessive trading by shareholders pursuant to the Fund’s policies and procedures described in this prospectus and approved by the Board. For purposes of applying these policies, the Fund’s service providers may consider the trading history of accounts known to be under common ownership or control. The Fund’s policies and procedures include:

- Shareholders are restricted from making more than two (2) “round trips” into or out of the Fund per month. If a shareholder exceeds this amount, the Fund and/or its service providers may, at their discretion,

reject any additional purchase orders. The Fund defines a “round trip” as a purchase into the Fund by a shareholder, followed by a subsequent redemption out of the Fund, of an amount the Adviser reasonably believes would be harmful or disruptive to the Fund.

- The Fund reserves the right to reject any purchase request by any investor or group of investors for any reason without prior notice, including, in particular, if the Fund or the Adviser reasonably believes that the trading activity would be harmful or disruptive to the Fund.

The Fund and/or its service providers seek to apply these policies to the best of their abilities uniformly and in a manner they believe is consistent with the interests of the Fund’s long-term shareholders. The Fund does not knowingly accommodate frequent purchases and redemptions by Fund shareholders. Although these policies are designed to deter frequent trading, none of these measures alone nor all of them taken together eliminate the possibility that frequent trading in the Fund will occur. Systematic purchases and redemptions are exempt from these policies.

Financial intermediaries (such as investment advisers and broker-dealers) often establish omnibus accounts in the Fund for their customers through which transactions are placed. The Fund has entered into “information sharing agreements” with these financial intermediaries, which permit the Fund to obtain, upon request, information about the trading activity of the intermediary’s customers that invest in the Fund. If the Fund or its service providers identify omnibus account level trading patterns that have the potential to be detrimental to the Fund, the Fund or its service providers may, in their sole discretion, request from the financial intermediary information concerning the trading activity of its customers. Based upon a review of that information, if the Fund or its service providers determine that the trading activity of any customer may be detrimental to the Fund, they may, in their sole discretion, request the financial intermediary to restrict or limit further trading in the Fund by that customer. If the Fund is not satisfied that the intermediary has taken appropriate action, the Fund may terminate the intermediary’s ability to transact in Fund shares. When information regarding transactions in the Fund’s shares is requested by the Fund and such information is in the possession of a person that is itself a financial intermediary to a financial intermediary (an “indirect intermediary”), any financial intermediary with whom the Fund has an information sharing agreement is obligated to obtain transaction information from the indirect intermediary or, if directed by the Fund, to restrict or prohibit the indirect intermediary from purchasing shares of the Fund on behalf of other persons.

The Fund and its service providers will use reasonable efforts to work with financial intermediaries to identify excessive short-term trading in omnibus accounts that may be detrimental to the Fund. However, there can be no assurance that the monitoring of omnibus account level trading will enable the Fund to identify or prevent all such trading by a financial intermediary's customers. Please contact your financial intermediary for more information.

Customer Identification and Verification

To help the government fight both the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account.

What this means to you: When you open an account, the Fund will ask your name, address, date of birth, and other information that will allow the Fund to identify you. This information is subject to verification to ensure the identity of all persons opening a mutual fund account.

The Fund is required by law to reject your new account application if the required identifying information is not provided.

In certain instances, the Fund is required to collect documents to fulfill its legal obligations. Documents provided in connection with your application will be used solely to establish and verify your identity.

Attempts to collect the missing information required on the application will be performed by either contacting you or, if applicable, your broker. If this information cannot be obtained within a reasonable timeframe established in the sole discretion of the Fund, your application will be rejected.

Upon receipt of your application in proper form (meaning that it is complete, contains all necessary information, and has all supporting documentation such as proper signature guarantees, IRA rollover forms, etc.), or upon receipt of all identifying information required on the application, your investment will be accepted and your order will be processed at the next-determined NAV.

The Fund reserves the right to close or liquidate your account at the next-determined NAV and remit proceeds to you via check if it is unable to verify your identity. Attempts to verify your identity will be performed within a reasonable timeframe established in the sole discretion of the Fund. Further, the Fund reserves the right to hold your proceeds until your original check clears the bank, which may take up to 15 days from

the date of purchase. In such an instance, you may be subject to a gain or loss on Fund shares and may be subject to corresponding tax implications.

Anti-Money Laundering Program

Customer identification and verification is part of the Fund's overall obligation to deter money laundering under federal law. The Fund has adopted an anti-money laundering compliance program designed to prevent the Fund from being used for money laundering or the financing of illegal activities. In this regard, the Fund reserves the right to: (i) refuse, cancel or rescind any purchase order; (ii) freeze any account and/or suspend account services; or (iii) involuntarily close your account in cases of threatening conduct or suspected fraudulent or illegal activity. These actions will be taken when, in the sole discretion of Fund management, they are deemed to be in the best interest of the Fund or in cases where the Fund is requested or compelled to do so by governmental or law enforcement authorities. If your account is closed at the request of governmental or law enforcement authorities, you may not receive proceeds of a redemption if the Fund is required to withhold such proceeds.

Unclaimed Property

Each state has unclaimed property rules that generally provide for escheatment (or transfer) to the state of unclaimed property under various circumstances. Such circumstances include inactivity (e.g., no owner-initiated contact for a certain period), returned mail (e.g., when mail sent to a shareholder is returned by the post office, or "RPO," as undeliverable), or a combination of both inactivity and returned mail. Once it flags property as unclaimed, the Fund will attempt to contact the shareholder, but if that attempt is unsuccessful, the account may be considered abandoned and escheated to the state.

Shareholders that reside in the state of Texas may designate a representative to receive escheatment notifications by completing and submitting a designation form that can be found on the website of the Texas Comptroller. While the designated representative does not have any rights to claim or access the shareholder's account or assets, the escheatment period will cease if the representative communicates knowledge of the shareholder's location and confirms that the shareholder has not abandoned his or her property. A completed designation form may be mailed to the Fund (if shares are held directly with the Fund) or to the shareholder's financial intermediary (if shares are not held directly with the Fund).

More information on unclaimed property and how to maintain an active account is available through your state or by calling 1-877-FMC-4099 (1-877-362-4099).

DIVIDENDS AND DISTRIBUTIONS

The Fund expects to distribute its net investment income quarterly and makes distributions of its net realized capital gains, if any, at least annually. If you own Fund shares on the Fund's record date, you will be entitled to receive the distributions.

You will receive dividends and distributions in the form of additional Fund shares unless you elect to receive payment in cash. To elect cash payment, you must notify the Fund in writing prior to the dates of the distributions. Your election will be effective for dividends and distributions paid after the Fund receives your written notice. To cancel your election, simply send the Fund written notice.

TAXES

Please consult your tax advisor regarding your specific questions about U.S. federal, state and local income taxes. Below is a summary of some important U.S. federal income tax issues that may affect the Fund and its shareholders. This summary does not apply to shares held in an IRA or other tax-qualified plans, which are generally not subject to current tax. Transactions relating to shares held in such accounts may, however, be taxable at some time in the future. This summary is based on current tax laws, which may change.

The recently enacted tax legislation commonly referred to as the Tax Cuts and Jobs Act (the "Tax Act") makes significant changes to the U.S. federal income tax rules for taxation of individuals and corporations, generally effective for taxable years beginning after December 31, 2017. Many of the changes applicable to individuals are temporary and would apply only to taxable years beginning after December 31, 2017 and before January 1, 2026. There are only minor changes with respect to the specific rules only applicable to regulated investment companies, such as the Fund. The Tax Act, however, makes numerous other changes to the tax rules that may affect shareholders and the Fund. You are urged to consult with your own tax advisor regarding how the Tax Act affects your investment in the Fund.

The Fund intends to distribute substantially all of its net investment income and net realized capital gains, if any. The dividends and distributions you receive, whether in cash or reinvested in additional shares of the Fund, may be subject to federal, state and local taxation, depending upon your tax situation. Income distributions (including distributions of net short-

term capital gains) other than distributions of qualified dividend income are generally taxable at ordinary income tax rates. Long-term capital gains distributions and distributions that are reported by the Fund as qualified dividend income are generally taxable at the rates applicable to long-term capital gains and currently are set at a maximum tax rate for individuals at 20% (lower rates apply to individuals in lower tax brackets). Once a year the Fund (or its administrative agent) will send shareholders of record a statement showing the types and total amount of distributions you received during the previous year.

If you purchase shares just before a distribution, the purchase price would reflect the amount of the upcoming distribution. In this case, you would be taxed on the entire amount of the distribution received, even though, as an economic matter, the distribution simply constitutes a return of your investment. This is known as “buying a dividend” and should be avoided by taxable investors.

Each sale of Fund shares may be a taxable event. A sale may result in a capital gain or loss to you. The gain or loss on the sale of Fund shares generally will be treated as a short-term capital gain or loss if you held the shares for 12 months or less or a long-term capital gain or loss if you held the shares for longer. Any loss realized upon a taxable disposition of Fund shares held for six months or less will be treated as long-term, rather than short-term, to the extent of any long-term capital gain distributions received (or deemed received) by you with respect to the Fund shares. All or a portion of any loss realized upon a taxable disposition of Fund shares will be disallowed if you purchase other substantially identical shares within 30 days before or after the disposition. In such a case, the basis of the newly purchased shares will be adjusted to reflect the disallowed loss.

U.S. individuals with income exceeding \$200,000 (\$250,000 if married and filing jointly) are subject to a 3.8% Medicare contribution tax on their “net investment income,” including interest, dividends, and capital gains (including capital gains realized on the sale of shares of the Fund).

The Fund (or its administrative agent) must report to the Internal Revenue Service (“IRS”) and furnish to Fund shareholders cost basis information for Fund shares purchased on or after January 1, 2012, and sold on or after that date. In addition to reporting the gross proceeds from the sale of Fund shares, the Fund (or its administrative agent) is also required to report the cost basis information for such shares and indicate whether these shares had a short-term or long-term holding period. For each sale of Fund shares, the Fund will permit shareholders to elect from among several IRS-accepted cost basis methods, including the average basis

method. In the absence of an election, the Fund will use the average basis method as the default cost basis method. The cost basis method elected by the Fund shareholder (or the cost basis method applied by default) for each sale of Fund shares may not be changed after the settlement date of each such sale of Fund shares. Fund shareholders should consult their tax advisors to determine the best IRS-accepted cost basis method for their tax situation and to obtain more information about cost basis reporting. Shareholders also should carefully review any cost basis information provided to them and make any additional basis, holding period or other adjustments that are required when reporting these amounts on their federal income tax returns.

To the extent that the Fund invests in foreign securities, it may be subject to foreign withholding taxes with respect to dividends or interest the Fund received from sources in foreign countries.

Because each shareholder's tax situation is different, you should consult your tax advisor about the tax implications of an investment in the Fund.

More information about taxes is available in the SAI.

ADDITIONAL INFORMATION

The Trust enters into contractual arrangements with various parties, including, among others, the Fund's investment adviser, custodian, transfer agent, accountants, administrator and distributor, who provide services to the Fund. Shareholders are not parties to, or intended (or "third-party") beneficiaries of, any of those contractual arrangements, and those contractual arrangements are not intended to create in any individual shareholder or group of shareholders any right to enforce the terms of the contractual arrangements against the service providers or to seek any remedy under the contractual arrangements against the service providers, either directly or on behalf of the Trust.

This prospectus and the SAI provide information concerning the Trust and the Fund that you should consider in determining whether to purchase shares of the Fund. The Fund may make changes to this information from time to time. Neither this prospectus, the SAI or any document filed as an exhibit to the Trust's registration statement, is intended to, nor does it, give rise to an agreement or contract between the Trust or the Fund and any shareholder, or give rise to any contract or other rights in any individual shareholder, group of shareholders or other person other than any rights conferred explicitly by federal or state securities laws that may not be waived.

FINANCIAL HIGHLIGHTS

The table that follows presents performance information about the Fund. This information is intended to help you understand the Fund's financial performance for the past five fiscal years. Some of this information reflects financial information for a single Fund share. The total returns in the table represent the rate that an investor would have earned (or lost) on an investment in the Fund, assuming reinvestment of all dividends and distributions. The information provided below has been audited by Ernst & Young LLP, independent registered public accounting firm of the Fund. The financial statements and the unqualified opinion of Ernst & Young LLP are included in the 2017 Annual Report of the Fund, which is available upon request by calling the Fund at 1-877-FMC-4099 (1-877-362-4099).

Privacy Notice

This information is not part of the prospectus

The Fund recognizes and respects the privacy concerns of its customers. The Fund collects non-public personal information about you in the course of doing business with shareholders and investors. “Non-public personal information” is personally identifiable financial information about you. For example, it includes information regarding your social security number, account balance, bank account information and purchase and redemption history.

The Fund collects this information from the following sources:

- Information we receive from you on applications or other forms;
- Information about your transactions with us and our service providers, or others;
- Information we receive from consumer reporting agencies (including credit bureaus).

What information the Fund discloses and to whom the Fund discloses information.

The Fund only discloses non-public personal information the Fund collects about shareholders as permitted by law. For example, the Fund may disclose non-public personal information about shareholders to nonaffiliated third parties such as:

- To government entities, in response to subpoenas or to comply with laws or regulations.
- When you, the customer, direct the Fund to do so or consent to the disclosure.
- To companies that perform necessary services for the Fund, such as data processing companies that the Fund uses to process your transactions or maintain your account.
- To protect against fraud, or to collect unpaid debts.

Information about former customers.

If you decide to close your account(s) or become an inactive customer, we will adhere to the privacy policies and practices described in this notice.

How the Fund safeguards information.

The Fund conducts its business affairs through trustees, officers and third parties that provide services pursuant to agreements with the Fund. We restrict access to your personal and account information to those persons who need to know that information in order to provide services to you. The Fund or its service providers maintain physical, electronic and procedural safeguards that comply with federal standards to guard your non-public personal information.

Customers of other financial institutions.

In the event that you hold shares of the Fund through a financial intermediary, including, but not limited to, a broker-dealer, bank or trust company, the privacy policy of your financial intermediary will govern how your non-public personal information will be shared with non-affiliated third parties by that entity.
